

Children waiting for sponsors

If you can sponsor one of these children for \$30/month, please send your first check marked with the ID code.

OR see pictures of waiting children at www.allowthechildren.org

ROH-82	Eleondrine	F	Burundi	4 years old
SBT-19	Baby Maharjan	M	Nepal	Infant

A newborn, not even named yet, survived the earthquake and now needs a sponsor.

Many more "earthquake" children from Nepal are being screened and processed for our sponsorship program. Earthquake sponsors are needed!

Prayer *for our Ministry Countries*

Nepal

Thousands of people have been injured, orphaned or left homeless by the earthquake. Our partners are working tirelessly to bring supplies to those who need it most.

**Earthquake Relief Funds
are still very needed**

Please pray for Govinda and his family as they return to Nepal. Their trip was scheduled before the earthquake, but of course, their ministry will be different from what they planned.

Bangladesh

A new church plant in the tribal mountains will be a light shining in a very dark place. Please pray for it in its infancy and its future.

Burundi

Many people are leaving Burundi as the time for a controversial election approaches. It has been called the worst crisis since the civil war which ended in 2005. Pray for peace and protection for the believers and the ministries.

Ghana

Remodeling project to provide dorm space in the church for children who come from far distances.

Haiti

Projects for new kitchen for a children's homes, school uniforms for the mountain kids and a new sponsorship program for children of pastors.

Guatemala

We are hoping to schedule one or two project trips for 2016.

Nicaragua

We have expanded the pastors' children sponsorship program on the Island of Ometepe.

Amazon

Allow is making a first trip into the area where Peru, Colombia and Brazil come together—to minister among the pastors of the Amazon.
